Short description of the activities

The Thematic Group is currently changing into a new Knowledge Management Network, with FAO coordinating the Food Security group. This new arrangement replaces the UNDAF theme groups and includes a wider community of practice from both NGOs, UN agencies and government, especially at the state level and below. The new network is designed to support government priorities (rather than offer policy advice), to reinforce ties with other UN and non-UN partners, and facilitate experiences and best practices.

Involvement in other coordination mechanisms

CCA/UNFAD **PRSPs** **MDGs** **Donors Liaison Mechanism** **Government Liaison Mechanism**
